Nov. 22-Dec. 21

Aries
March 21-April 19

Wouldn't it be wild if you broke up with your significant other ON Valentine's Day? Not saying you should, just... that would be kinda funny, wouldn't it?

Go ahead and make sure that all your potential love interests know exactly how you feel about them and what you want from them. If they don't reciprocate, well, that's their problem.

You never know unless you try, so go ahead and take a risk! Worst-case scenario, you'll just end up stuck in a relationship that you later realize is only based on superficial attraction as it degrades into painful conflict caused by a lack of emotional validation.

Taurus
April 20-May 20

You're a very good listener, patient and warm-hearted with everyone you care about. They're all lucky to know someone as selfless as yourself.

Virgo
Aug. 23-Sept. 22

Your sign is literally Latin for "virgin." I don't really know what else to tell you. The stars do not seem to hold favorable romantic tidings in your future. Maybe try Tinder?

Capricorn
Dec. 22-Jan. 19

Valentine's Day is a stupid holiday anyway. What's the point of having one day to celebrate love? Shouldn't we be celebrating love every day? It shouldn't depend on one's relationship status. You're not salty. Definitely not salty.

Gemini
May 21-June 20

You can't afford to miss this chance to ensure that you'll be seen at prom (on Insta and Facebook) with the right person this spring. Don't let anyone stop you from getting ahead. Love is a game, and you're here to win.

Libra
Sept. 23-Oct. 22

Weigh your options carefully. Make sure you're aware of the consequences of your actions before acting impulsively, and then act impulsively anyway. Come on, will any of this really matter in 10 years?

Aquarius
Jan. 20-Feb. 18

Spend the evening on a friend-date with your bestie! You can reassure each other that you're both attractive and only single by choice and not because neither of you could find a partner in time for Valentine's Day. I mean, who *wouldn't* want to date you?

Cancer
June 21-July 22

Avoid snapping at people who annoy you. Claw your way up to the top. Let others see past your shell and get to know who you really are inside. Don't get crabs.

Scorpio
Oct. 23-Nov. 21

Asking a friend of the person you like if they like you is for middle-schoolers. Make a fake finsta account pretending to be your crush's best friend, follow them, and DM them yourself. It's 2018.

Pisces
Feb. 19-March 20

Well, there's always next year.
